

Jesus helps a blind man see.

John 9:1-41

Jesus helps a blind man see.

John 9:1-41

One day Jesus saw a man who had been blind his whole life. The man had never seen grass or the sky or his mom's face. Jesus took some dirt, spit in it and made some mud. Then Jesus put the mud on the man's eyes. Jesus told the man to wash his eyes in a pool of water. The man went and washed his eyes just like Jesus said. Then the man could see!

When the man got home, many people were amazed. Some people asked, "Isn't this the same man who used to sit and beg?"

Others said, "No, he only looks like the blind man."

But the man born blind said, "I am the one. Jesus made some mud and put it on my eyes. Then Jesus told me to go and wash my eyes in a pool of water. So I did and now I can see."
